Dear Sir:

We have your letter of May 3, 1957 referring to the inclusion of the above named Motorship in our Return of Vessels under Survey, weekending January 18 and enquiring as to how the case now stands.

I have to advise that nothing had been done until about a month ago when the main motor arrived at the yard.

Until a few days ago nothing more had been done, however the Repairers now advise receiving instructions from the Owners to proceed with the installation of the propelling machinery which they think will take about six weeks.

Yours very truly,

JGB/sb
