

N/N "COASTAL CREEK" SECTION.

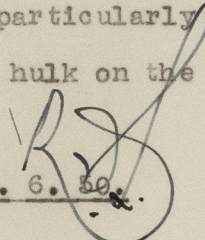

NOTE FOR MR. CARSLAW

DISCLOSED

I attach a copy of letter dated 16th instant received from the Southampton Surveyors regarding the motorship "BASING CREEK".

The Committee on the 23rd June, gave instructions for the ship to be withdrawn from B.C. classification, and as a result the C.O. Dept., have implemented this decision and have also deleted the present particulars of ownership.

Seeing that she is now disclassified, I presume you will be following up the case, particularly as she appears to be intended for use as a hulk on the St. Lawrence.
