

6th June, 1956.

Dear Mr. Fondeur,

Thank you for your letter of the 29th May, giving comparison of the fees charged by ourselves in the case of the "ZAGORA" and those which would have been charged by the B.V. in similar cases. Your remarks have been noted with interest.

You will, by now, have received my official letter of to-day regarding the Load Line fee in this case. I may say that you will be quite at liberty to charge a fee of Frs. 23,000 whether or not the gross tonnage, as we now know it, (namely 1437) appears in the ship's register, if it would lead to an amicable settlement of the account.

Yours sincerely,

N.W.B.
