We would like to draw your attention to the above total amount which exceeds the total amount, indicated on our Note of Fees of the 23rd ult. (Frs. 984,670), by Frs. 62,560. This difference is due to the fact that we (i) computed the fee for freeboard on the basis of a tonnage of 1,437.10, which figure has since been rectified in your letter of the 30th March, and (ii) made a mistake when assessing the fees relating to the hull, for which error please accept our sincere apologies. We enclose herewith a supplementary note of charges for the difference.

Yours faithfully,
