Dear Sir,

We have to confirm the cable sent on the 11th instant which read:

"TAYLOR'S VISIT TO ANKARA POSTPONED UNTIL 16TH INST. OWING TO PRESSURE OF WORK."

LLOYDSURV.

An interview had been arranged with Bay Orhan Atliman of the Ministry of Public Works Dept. for Monday 14th inst. to discuss the future classification of their craft.

Unfortunately, we have today been informed by the Owners that the S.S. "NURFAN" has grounded at the entrance of the Dardanelles and Mr. Taylor's presence will be required over the week-end.

Mr. Atliman has been informed of the change and it is hoped the information the committee requires will reach you by the 21st inst.

For the Surveyors,  
Yours faithfully,

Sgd. John M. Taylor.
