

013881-013883-0041

EXTRACT FROM CLASSING LETTER TO SOUTHAMPTON DATED 18.9.59.

25436 "CARISBROOKE CASTLE" - This ship has today been classed \*A1 "For service between Southampton and Cowes", together with the appropriate notations recommended by you.

I shall be glad if you will forward a capacity plan, or particulars of same for Register Book purposes, as the capacities reported are not in agreement with the tanks shown on the "As built" Profile and Deck plan forwarded with your report. At the same time you should forward a Rpt.C.11, as called for on the First Entry Report, as this is now required by the Committee.

It is concluded that the screwshaft diameter is  $5\frac{1}{2}$ " , but your confirmation on this point is required.

25654 "S.H.B. MAYFLOWER" - This survey launch has today been classed \*16A1 "Southampton Harbour Service" together with the appropriate notations recommended by you.
