3rd December, 1965.

Dear Sirs,

Steamer "COMMODITY".

Reverting to my letter of the 20th September last, I have to inform you that a report of the General Examination carried out by the Society's London Surveyors while the ship was at Greenhithe, during September/October, has received consideration and, in view of the satisfactory nature of this inspection, postponement of the Special Survey until September, 1966, has been approved by the Committee.

During the course of this survey the Continuous Survey of the machinery was completed and the Main Boiler Survey held, and notations of CSM 10,65, and MBS 10,65, have now been assigned.

A Classification Certificate for the machinery is now enclosed.

Yours faithfully,

Assistant Clerk to the
Classification Committee.

Messrs. F.T. Everard & Sons Ltd.,
The wharf,
Greenhithe,
