29th September, 1958.

Dear Sirs,

Motorship "MEGUROSAN MARU"

Before your report No. 5921 receives the consideration of the Committee, I shall be glad to learn whether the assignment of the notation "Carrying vegetable oil in Deep Tanks aft" is desired, in view of the fact that while this notation is requested on the Rpt.1, the answer "No" has been entered against the appropriate enquiry in regard to this notation on the Rpt.4b.

The approved plan shows four deep tanks, each with two 2" bilge suction, whereas it is stated on Page 3 of the Rpt.4b, that a total of six 2" bilge suction have been fitted. In the circumstances I shall be glad to receive your comments on this matter, and at the same time to learn whether the machinery requirements for the notation "Carrying vegetable oil in Deep Tanks aft" have been complied with.

A reply by return to the above enquiries will be appreciated.

Yours faithfully,

Assistant Clerk to the
Classification Committee.

The Surveyors,
KOBE.
