10th February, 1920.

Dear Sirs,

With reference to your First Entry Report No. 5356 on the steamer "CONDE DE ZUBIRIA", I have to acquaint you that this vessel has recently been at West Hartlepool, and the Surveyors at that port have been informed by the Chief Engineer that the water-tight doors will be fitted with rods to work from the upper deck as required on the vessel's return to Bilbao. I shall therefore be glad if you will give the matter the necessary attention in due course.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,

BILBAO.
