QUESTION

ANSWER

With reference to your memorandum dated the 15th November and, in the absence of this vessel's name in your Returns, I shall be glad to learn the present position regarding the expired machinery condition of class.

Date:— 13th December 1965

The Owners state that due to delays, it was not practicable to submit the combustion chamber for inspection when the vessel called at this port in November. However, she is again due in Piraeus on 17th December and the Owners have undertaken to request inspection without fail.
