JMC/SO

QUESTION

With reference to Return 3 dated the 5th February, it is concluded that the Main Boiler Survey is also being dealt with at this time, but your confirmation will be appreciated.

The Steampipe Survey became due at the end of December last, and I shall be glad to learn if any action is being taken at this time regarding this inspection.

ANSWER

Date:— 3rd March. 1965.

It is regretted that the entry in our Rtn.3 of 5th Feb. is in error and should have read "Aghios Nikolaos" (2285 GT) No. 00527 in R.B.

The "Aghios Nicolaos" (757 GT) also came under our survey on 27th Feb. for MBS and condition of class in respect of the chain cable. ~~We will endeavour to get the Steam Pipe Survey also carried out at this time.~~

The Steam Pipe Survey has not been done at this time, but the Owners have been notified and it is hoped that this will be done during the course of the next two or three months.
