## Reference

Dear Sirs.

S.S. "PASS OF MELFORT".

With reference to my letter of the 10th inst. respecting the Cable of this vessel, I have to state that on comparing the size of shackle as measured on board the vessel it is found that the width thereof is in excess of the standard. This matter has been discussed with the Builders and I have to advise you that arrangements have now been made with the makers of the Cable to supply new shackles as found necessary.

I am, Dear Sirs,

Yours faithfully,

The Surveyors,

LONDON.
