26th May, 1967.

Dear Sirs,

m.s. "AWATA MARU"

With reference to my memoranda dated 28th March and 5th May, to which no replies appear to have been received, I shall be glad to learn, within what definite time it is proposed to have the overdue machinery items examined.

The Owners should be informed that it is a requirement of the Society's Rules that the interval between the examinations of all machinery items must not exceed 5 years.

An early reply will be appreciated.

Yours faithfully,

Classification Manager.

The Surveyors,  
YOKOHAMA.
