

## LLOYD'S REGISTER OF SHIPPING

## MEMORANDUM

From

The Surveyors,

YOKOHAMA

To

Headquarters, 71 Fenchurch Street,  
London, E.C.3

Reference

JMC/BN

Date

M.S. "AWATA MARU"

30th January, 1967

With reference to my memorandum dated 16th December last I shall be glad to learn if you are in a position to let me know what arrangements are proposed to be made regarding the advancement of the Continuous Survey cycle of the machinery by the examination of the items mentioned therein.

Signed

J.M.C.

Reply

We are advised by the Owners in Tokyo, that the information stated in our reply to your memorandum dated the 16th December 1966 is incorrect, and the ship was not in drydock for survey in December last.

The Owners now state that the ship is due to arrive at this port on or about 10th inst., and then the surveys in <sup>ques</sup>tion will be carried out afloat.
