

Southeastern Shipbuilding Corp., Savannah, Ga.

Yard No. A.V. 11

Chief Ship Surveyor

Received from Chief Ship Surveyor

S NAME m.v. "AMADEO"

REPORT

Vpo

No. 2643

Ex.m.v. 'Sailmaker's Splice'

The remarks of the Chief Ship Surveyor are desired on this case for the consideration of the Classing Committee.

(The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement.—Extract from Sub-Committee's Report, 24/5/02.)

This CL-M-AV1 vessel was built in 1945 and classed / with the American Bureau of Shipping.

She is a sister vessel to the "MAULE" which was / classed 100A1 with this Society in 8.49.

It is stated that she was last examined in dry dock / by a Surveyor to the American Bureau of Shipping in August 1949.

For further particulars regarding this case see / correspondence.

The VALPARAISO Surveyor reports 3.50 the vessel afloat / and a satisfactory General Examination held with a view to later Classification with this Society.

The upper deck bulwarks have been extended. X

It is submitted the vessel is worthy to have the / provisional class 100A1 (Classification Contemplated) and notation of "Examined 3.50" valid for 12 months assigned.

100A1 (Classification Contemplated)
"Examined 3.50"

NOTE : The Surveyor states that the next Special Survey / for the American Bureau of Shipping becomes due 2.52 and it is proposed to complete the Special Survey for Classification with this Society by that date. X
