27th September, 1968.

C.
DHGK/MRW.

Dear Sirs,

Motorship " GOODWIN "

With reference to your letter of the 19th instant, the Owners' request for further deferment of drydocking until the end of next month was considered by the Committee at their meeting today.

This further deferment has been agreed on the strict understanding that this arrangement is adhered to without fail, and you should inform the Owners accordingly.

It is concluded that the Special Survey, due at the end of the present month, will be dealt with at the drydocking, and the following machinery items should also be dealt with at this time:-

Attached S.W. and F.W. cooling pumps.
Fuel valve cooling pumps.
Evaporator and diesel auxiliary engine.

The Auxiliary Boiler Survey becomes due next November and it is concluded that this will be dealt with if not now, by about the due date. The Steampipe Survey should be held by completion of the Special Survey.

Yours faithfully,

Assistant Classification Manager.

The Surveyors,
HONG KONG.
