

## LLOYD'S REGISTER OF SHIPPING

Calle 25 de Mayo 158,

BUENOS AIRES, 31st October 1967

All communications to be addressed to  
THE SURVEYORS

Dear Sir,

"CRUZ DEL SUR" LR 508260

We report the sale recently of the above vessel, previously owned by Yacimientos Petroliferos Fiscales, to Messrs Middle East Fluor Co. of Los Angeles, California,

These new Owners, through Representatives locally have indicated their desire for Lloyd's Register Class withdrawal in preference to classification within the American Bureau.

Transformation is at present proceeding locally and all whale factory equipment has been removed. Present indication is that the vessel is to trade external to Argentina as a tanker until finally converted as an Off Shore Deep Sea drilling rig under we believe the Management of the Coral Reef Drilling Co. of U.S.A.

Yours faithfully.  
for The Surveyors.

The Secretary.
