

LONDON.

'9 NOV 1951

On board F.F. "Juan Peron"  
9/8/51.

WHALE FACTORY SHIP "JUAN PERON"

This vessel has been built with the view to being classed with Lloyd's Register of Shipping for the Class "Whaling Service", "Carrying Petroleum in Bulk", "Strengthened for Navigation in Ice", "Longitudinal Framing at Bottom, Decks, and 'Tween Deck Sides", and with a suitable notation regarding welding.

In view of this Class, we undertake when the vessel is carrying cargo oil flash point below 150°F that the Factory Space exhaust fans situated on the Open Deck will be kept in continuous operation when loading this class of oil, during the voyage, when discharging and until gas free.
