Vessel has again been examined in drydock. See report NO 11773 herewith but no Owners' representative attended the vessel. The necessary bower anchor has not yet been supplied and we could obtain no information either about this or the Special Survey. We have an account outstanding for previous survey and as we cannot think that the Owners are serious in their intention to maintain the classification we should like to write to them suggesting that this should be withdrawn although we doubt whether they will answer that letter either.
