QUESTION

With reference to your memorandum of the 18th June, I shall be glad to learn if you are yet in a position to let me have any further information regarding the machinery condition of the class.

*ask.*

ANSWER

**Date:—** 27th July, 1964

We are advised by the Owners that they are making arrangements for this ship to be drydocked at Japan or Hong Kong on completion of her present voyage from Chile to China, when the machinery condition of class will receive attention.

The equipment previously placed onboard will also be verified at this time.
