ANSWER

10 SET 1955

Date:— 29th September, 1955

I shall be glad if you will ascertain from the Owners and let me know what arrangements they propose making to carry out the Modified Survey of the Oil Engines which became due at the end of May last and the Donkey Boiler Survey which became due at the end of July.

It will be noted that the last drydocking date in this case is 8,54.

The Owners now state that they wish the vessel to be withdrawn from Class and will in future have the vessel classed with the Registro Italiano only.
