Dear Mr, Sladden,

Ans.....

I enclose a letter received from Messrs. A.E. Turner and John Coates & Co. Ltd; regarding spare gear for the steering gear which was placed on board the Steam Tug " E.NICH OLSON" before leaving this Port for Australia also copies of our replies to their previous letters, as our replies do not appear to satisfy them and we do not wish to enter any arbitration, we should be obliged if you would get in touch with Mr. Turner and explain the position.

Mr. Campbell explains his reasons for his recommendation clearly in his letter of the 9th, July, but Mr. Turner still maintains that it was not necessary as the tug was classed 100 A1 for Towing Services.

With kind regards,

Yours sincerely
