# Lloyd's Register of Shipping,

17 Battery Place,

New York.

LLOYD'S REGISTER  
RECEIVED  
17 FEB 1933  
And.  
LONDON

February 8th, 1933.

Dear Sir:-

With reference to San Francisco First Entry Report No. 6863 on the Twin Screw Steamer "LURLINE", I think it well to point out that while the last date of survey shown on that Report is the 27th January, 1933, the date of build for official purposes is December, 1932.

In this connection I might refer you to our correspondence of March, 1932, respecting her Sister Vessel, "MARIPOSA".

I am, Dear Sir,

Yours faithfully,

Chief Surveyor,  
U.S.A. & Canada.

The Secretary,

LONDON.

P.S. The Report in question will go forward to you at the end of the week.
