Re: M.V. "FELANIA" - Report No. 4612

Dear Sir,

With reference to Report No. 4612 on the above Vessel, the Owner's Resident Superintendent has brought to my attention that the following items were submitted for Continuous Machinery Survey in addition to the items appearing on the Interim Certificate dated 5th. August :-

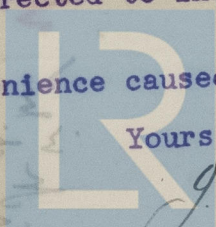

No. 3 Port Engine Crankpin and brasses
Starboard Engine Attached Jacket Cooling
Water Pump.

I have confirmed that the above machinery parts were examined and passed by Mr. R. Roger and in the circumstances an amended Interim Certificate has been issued as per copy attached, and Report No. 4612 has been corrected to include the items on the new certificate.

I regret the inconvenience caused and trust the above action will be approved.

Yours faithfully,

The Secretary,
London.
