

fully under "defects and repairs". All repairs to machinery which are not approved by the Surveyors should be made before the ship is surveyed; this need not be done when the ship is surveyed on a special basis. When any part has been surveyed, the condition of the part should be stated. Engine parts when surveyed should be counted from forward.

been effected or it is considered that re-examination or repairs should be made before the ship is surveyed, a distinguishing mark should be indicated against the item and the circumstances and action taken or recommended described.

The condition of any item is to be described as "good" only when it has been examined, found to be in good condition, and is considered to be acceptable until the due date of the next Periodical Examination. Where repairs have
