Lloyd's Register of Shipping,

71, Fenchurch Street, E.C.3.

3rd July, 1937.

Dear Sir,

M.

I duly received your letter of the 26th ultimo regarding the Trawler "MILFORD QUEEN", and in reply to the enquiry contained therein I shall be glad if you will be so good as to advise the Superintendent of the Milford Dock that this Society has no records of the weights of vessels, but the Builders of this particular vessel have been good enough to supply the information that the light weight is about 395 tons. This is the weight with the boiler full (to working level), and fresh water on board, but with no coal or ice allowed for.

I am, Dear Sir,

Yours faithfully,

Secretary.

Mr. C.E. Wilks,

MILFORD HAVEN.
