LONDON

Reference

B

Dear Sir,

In reply to your letter of the 3rd instant I have to advise you that the survey on the hull and machinery of the m.v. "HENRY HORN" was commenced today at the Reiherstieg yard of Messrs. Deutsche Werft. As Mr. Burbank wishes to have the survey carried out as quickly as possible the machinery plans which we have here will be required by the Surveyors up till the end of this week but it is hoped that it will be possible to despatch the plans to you at the end of the present week so that they arrive in Lonsen on Monday morning, the 13th instant. When the photostat copies have been made I shall be glad if arrangements could be made to return the plans to this Office as they are required by the Surveyors in connection with the writing up of the First Entry Reports.

I am, Dear Sir,  
Yours faithfully

*A. Chirilolu*

The Secretary,

LONDON
