27th July, 1934.

Dear Sir,

"CONSUL HORN", "HENRY HORN", "MARIE HORN" and
"THERESE HORN".

With reference to the proposed classification of the above vessels with this Society, I beg to acquaint you that the plan of pumping arrangements outside the machinery space has been examined, and that the arrangements shown on the plan are such as can be accepted, subject to certain amendments which have been indicated thereon.

Further, the pumping arrangements in the machinery space are not clear in all details, and accordingly, the attention of the Society's Surveyors at Hamburg have been drawn to certain points.

I am writing tonight to the Society's Surveyors at Hamburg and returning the plans to them.

I am, Dear Sir,

Yours faithfully,

Secretary.

A.L. Burbank, Esq.,
