Enclosure
BY AIR MAIL

10th April, 1952.

Dear Sir,

With reference to the case of the Steamer "SPALMATORI", I have to inform you I am in receipt of a letter from the Owners, from which it is understood that arrangements are being made for the completion of the Special Survey, which became due in March 1951, to be completed during the vessel's stay at Damman.

I enclose a copy of a letter today addressed to the Owners which deals with the outstanding items so far as the hull is concerned.

The Load Line Certificate expired at the end of last month and a Renewal Survey is required in conjunction with the completion of the Special Survey.

I may say that the machinery requirements have been dealt with. The vessel also requires to be examined in drydock on account of grounding in the Suez Canal on the 15th December last.

Yours faithfully,

COPY TO FBD.

Clerk to the
Classification Committee.

C.N. Lamb, Esq.,

BASRA.
