18/A. Dear Sir,

We are in receipt of your Classing Letter of the 28th ultimo relating to Report No.1561 on the "SPALMATORI" we have to advise you that on examination in drydock only unimportant indents in way of the shell plates No.3 in 1st and 2nd strake below main sheer (p.s.) and No.3 in 1st strake below sheer (s.s.) could be found. Therefore no objection could be made to the clear statement of the Owners' Superintendent that the plates had been dealt with at Hull together with the strengthening of the bottom in No.4 tank.

Yours faithfully,

*Friedrich Ohlgen*

The Secretary,  
London.
