losure.

71, Fenchurch Street, E.C.3.

18th April, 1947.

Sirs,

Trawler "PIROUETTE"

In confirmation of my cabled reply to your enquiry in this case, as per copy herewith, I have to remark that this vessel was built under survey and completed in September 1940 in a class of "100A- Steam Trawler, For Government Service" assigned.

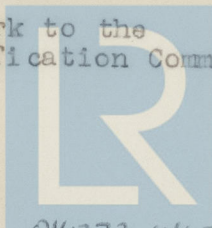

It is understood duplicate chain cable certificates available provided the identification number and marks on equipment are supplied, and should such certificates be required perhaps you will furnish me with the necessary information.

Yours faithfully,

Clerk to the
Classification Committee.

Surveyors,

NOA.
