Lloyd's Register of Shipping. 29 DEC 1947

Port

OF GENOA.

19th December 1947.

This is to Certify that I have

examined the Boiler and Machinery of the Steel Co. S.S. "TRIDENT"

"PIROUETTE" 478 tons gross of Genoa, whilst afloat and in dry-dock in
the Harbour on the 14th of March 1947 and subsequent dates,

that I have transmitted to the Committee of Lloyd's

Register of Shipping, London, a Report stating that all

recommendations made by me in connection therewith have

been carried out to my satisfaction, and that I have

recommended that the record of + L.M.C. 8,47 (Lloyd's Machinery

Certificate August 1947) T.S. O.G. 8,47 (Tail Shaft Oil Gland seen August

1947) made in the Register Book in the case of this vessel.

Engineer Surveyor to Lloyd's Register.

This certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that :—
The Committees of the Society use their best endeavours to ensure that the functions of the Society are properly
performed and it is to be understood that neither the Society nor any Member of any of its Committees is under any circumstances
to be held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any
Register Book or other publication of the Society, or for any error of judgment, default or negligence of any of its
Members thereof, or the Surveyors, or other Officers or Agents of the Society."
