I have surveyed the above ship in accordance with the Rules for damage to one of the port propellor blades having found the trailing edge apparently set up about six inches and twenty six inches from tip.

The items now surveyed are detailed on this report. All were found or placed in good condition unless otherwise stated.

Port propellor to be examined on arrival on or about 12th February 1965 at Durban.

I recommend that this ship remain as classed with/without fresh record of ~~inspection~~ survey subject to the port propellor being examined on arrival at Durban on or about 12th February 1965, and any outstanding conditions of class being dealt with as previously recommended.

(Where conditions of class are recommended to be retained, imposed, amended or deleted, particulars João de Carvalho Figueiredo Peres Acting Surveyor to Lloyd's Register of Shipping must be stated above and on the interim certificate)
