RECD. FBD. DEPT.

23 SEP 1964

Steel non-propelled bucket dredger, Yard No. 443, proposed to be built by Ferguson Brothers (Port Glasgow) Ltd., with a view to class.

QUASI

Dimensions: 172' x 36.5' x 13.25'
Proportions: Length = 13 depths
Owners: South African Railways.

Plans, in triplicate, of Midship Section, Profile & Decks submitted by the Greenock Surveyors.

Plans for this vessel have been dealt with previously - see endorsement dated the 27th May. The design has now been modified by making the bottom of keel line level.

IT IS SUBMITTED THE Surveyors be informed that, provided
COMPLIANCE (AMENDED)

the ship will be eligible to be classed LOCAL Dredger "For Restricted Service", with the descriptive notation "Bucket Dredger".

E.W. NOTE AND NOTATION

The Surveyors should also be referred to the Secretary's letters of the 27th May and the 5th August regarding the details of the proposed service limits.

Two copies of each plan should be returned to the Surveyors, the remaining copies being retained for record purposes.

22nd September, 1964.
