Sir,

'LANTYAN' ex 'ROSELYNE'

We thank you for your letter of the 16th. inst., and have inform you that the Fowey Harbour Commissioners state that this is now to be converted to a Hopper Barge and the class will be discontinued.

It is further stated that matters relating to the Load Line will be placed in the hands of Bureau Veritas.

Another of the Commissioners' vessels, the 'Lerryn', is at present on charter to a Liverpool company and is operating in the Wales ports area with base at Liverpool.

Upon completion of the conversion of the 'Lantyan' the 'Lerryn' will be similarly converted and her class then discontinued and Load Line survey dealt with by Bureau Veritas.

The work in connection with the conversion of the first, the 'Lantyan', has commenced.

Yours faithfully,
The Surveyors,
