reference

Dear ~~Barry~~ ^{Barry}.

With reference to our phone conversation this day relative to the Steamer "Margaret Birch," at my last visit to the machinery of this vessel, viz. the 29th ultimo. I also made a general examination of the decks, hatch coamings, casings, ventilators, steering gear &c, so it would in my opinion, be quite in order to give the last date of survey on the hull, the same as the machinery.

Yours faithfully
A.E. Salminen.

E. Barry Esq.
London.
