Lloyd's Register of Shipping.

Port Galveston, Texas

September 6, 1948

This is to Certify *that I have*

Surveyed the Boiler and Machinery of the M/V "LOBURN" (ex L.S.T. 1061)

of Guirna, Venezuela while afloat and on dry dock at the plant of the Todd Shipyard Corporation, Galveston, Texas on the 26th April, 1948 to the 20th August, 1948 for L.M.C. for classification in the Society's Register Book, Electric wiring repairs and Megger test

and that I have transmitted to the Committee of Lloyd's

Register of Shipping, London, a Report stating that all

recommendations made by me in connection therewith have

been carried out to my satisfaction, and that I have

Recommended *that the record of* L.M.C. 8, 48 (Lloyd's

Machinery Certificate, August 1948.), Screw Shafts (Port New) (OG) seen 8, 48

be made in the Register Book in the case of this vessel. subject to the lighting system being altered to comply with the requirements of the Rules at the first convenient opportunity.

James Finlay
Engineer Surveyor to Lloyd's Register.

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:—
"While the Committees of the Society use their best endeavours to ensure that the functions of the Society are properly performed, it is to be understood that neither the Society nor any Member of any of its Committees is under any circumstances to be held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in entry in the Register Book or other publication of the Society, or for any error of judgment, default or negligence of its Committees or any Member thereof, or the Surveyors, or other Officers or Agents of the Society."
