

POSTPONED SURVEYS.

Case of the..... TW. SC. S.S. "YEN MEN".

No. 32135 in Reg. Bk. tons, Built

Classed Owners.....

Port of Registry.....

Survey Due Water Tube Boiler Survey due 6.51.

This vessel is one of a number laid up at Canton pending settlement with the Canadian Govt. who advanced the building loan.

This case received the consideration of the Committee on the 14th February when they agreed to the vessel's class remaining undisturbed in the Register Book on the understanding that the overdue surveys are dealt with on the vessel's return to Hong Kong.

A letter has now been received from the Hong Kong Surveyors in which they state they have been informed by the Master of one of the vessel's sailing to Canton that the machinery has been removed from this vessel. They are attempting to obtain confirmation of this statement.
