Dear Sir,

S/S "BARON FAIRLIE."

We beg to acknowledge the receipt of your favour of the 10th inst. with reference to Mr. Lee's Report, dated 30th October, 1946, on the above vessel.

The thicknesses of the plates given were in accordance with the requirement of the Rules which states "all actual scantlings of the ship be ascertained by the Surveyor and reported in detail to the Committee." The few renewals were as stated in the Report, and Mr. Lee is of opinion that the thicknesses obtained were good enough for a further period of five years.
