Dear Sir,

With reference to previous correspondence we think it well to inform you that the above vessel is at present at Grimsby where preliminary inspections are being carried out with a view to recommendations being made concerning the work which would be required to enable the vessel to be recommended for Classification.

It is understood <sup>privately</sup> the Owners intend to decide on the basis of these recommendations whether to proceed with the survey or dispose of the vessel in damaged condition.

In the circumstances the First Entry Report and plans of the "WILLIAM BURSLEY" forwarded with your letter "S" of the 22nd ultimo are being sent to the Grimsby Surveyors for their guidance and a copy of our letter to them of today's date is attached.

Yours faithfully,
