LLOYD'S REGISTER OF SHIPPING

UNITED WITH THE BRITISH CORPORATION REGISTER

71, Fenchurch Street, E.C.3
28th May, 1953.

Dear Sir,

Steamer "RAPHAEL SEMMES"

I am in receipt of your letter of the 12th instant and note that you have suggested to the Owners that arrangements should be made for the Boiler Survey to be completed at Philadelphia in the near future.

If, however, documentary evidence of the adjustment of the port boiler safety valves by the American Bureau and United States Coast Guard in October, 1952, can be produced, this could be submitted to the Committee with a view to such adjustment being accepted as completion of the Boiler Survey, which was partly held at Baltimore and Philadelphia in October last.

I shall therefore be glad if you will discuss this matter with the Owners, and let me know their wishes.

Yours faithfully,

Assistant Clerk to the
Classification Committee.

W. F. Chapman, Esq.,
MOBILE.
