Dear Sirs,

"ACME"

I duly received your letter of the 23rd January last and have to inform you that a report on the completion of the Starboard Boiler Survey subsequently came to hand and a record of M.B.S. (S) 12.68 has been assigned.

With reference to my letter of the 2nd January last I shall be glad to learn what arrangements you propose making for the main condenser water box and windlass steam valve chest to be dealt with.

I take this opportunity to point out that the Special Survey of the hull and machinery will become due at the end of May next, and your intentions regarding these inspections would be appreciated. The Steampipes Survey requires to be held by the completion of the Special Survey.

Yours faithfully,

pro Classification Manager.

Messrs. John Livanos & Sons (Shipping Operators) Ltd.,
Liverpool House,
15/17 Eldon Street,
