

6m. 9.48.

BRITISH CORPORATION.

12 JUL 1949

Received by Chief Ship Surveyor

Received from Chief Ship Surveyor

GB

ESSEL'S NAME "BALANTIA" REPORT Lon. No. 118311

The remarks of the Chief Ship Surveyor are desired on this case for the consideration of the Classing Committee.

("The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement."—Extract from Sub-Committee's Report, 24/5/92.)

This vessel is classed BS.

FOR DEFERRED REPAIRS :- See attached list.

The SPECIAL SURVEY Type 1 due 5.48 was previously commenced.

The LONDON Surveyors report (5.49), the vessel afloat, the SPECIAL SURVEY Type 1 as above completed, the requirements of an Annual Classification Survey complied with, and minor repairs effected.

The Surveyors state that lack of time precluded the carrying out of scaling and painting of structure in holds and in No.2. deep tank (p & s), and they recommend that this work be carried out at the Owners' convenience.

IT IS SUBMITTED the vessel is eligible to remain as classed by the British Corporation, and to have Notations of 'ss. Lon.-5.49' and 'Annual Survey 5.49' assigned, subject to indented shell plating (p & s) and fire damage in bridge deck accommodation being examined and dealt with if necessary at the next drydocking, and to holds and No.2. deep tank (p & s) being scaled and painted.

"BALANTIA"

IT IS FURTHER SUBMITTED the Surveyors be informed  
it is concluded that they satisfied themselves  
as to the general condition of the D.B. tanks  
used exclusively for oil fuel as required by the  
Rules of the British Corporation Register,  
Section 48 (Sub-section A) Special Surveys Type 1.
