21st July, 1950.

Dear Sir,

H.

I am in receipt of your memorandum of the 15th instant, intimating that the Steam Trawler "FAXI" is still laid up indefinitely, and I have to inform you that, in the circumstances, the Committee are agreeable to her class remaining undisturbed on the understanding that the Screwshaft Survey will be carried out before she is again placed in commission.

The Committee are also agreeable to the Boiler Survey being postponed for the present.

I shall be glad if you will inform the Owners and any intending purchaser to the above effect.

Yours faithfully,

V. R. Jessen, Esq.,

REYKJAVIK.
