Dear Sirs,

I duly received your letter of the 1st instant respecting the motorship "PAULA" and in the circumstances you mention the Committee are agreeable to the validity of the present Examined record being extended for a further month as desired by you, and the necessary instructions are being cabled to the Singapore Surveyors.

It is noted that if you find her services can be used as a mobile bunkering craft within the Singapore Harbour limits you will be approaching this Office with a view to ascertaining the Society's requirements to continue the class in this limited sphere of operation. You will appreciate, I am sure, that in such event we can hardly continue the use of "Reclassification Contemplated", but perhaps when you have made a final decision you would arrange for one of your Representatives to discuss the case with me before writing any letter of application.

Yours faithfully,

Clerk to the
Classification Committee
