

26th May, 1953.

Dear Mr. Moffatt,

We are still pursuing the cases of the "LERRYN" and "LANTYAN" which are being taken out of class and load line assignment transferred to the B.V., and I have been asked by the Chairmen of Classification to see if I can find out who are the actual Commissioners as it is felt that one of them may be known here.

I am particularly anxious that you should not approach either the Clerk or the Harbour Master or any servant of the Commissioners for this information, but if you could glean it from any other source I shall be much obliged.

With kindest regards,  
Yours sincerely,

C. Moffatt, Esq.,  
FALMOUTH.
