8th January, 1952.

Dear Mr. Stewart,

The Chairman wrote to you on the 4th January promising that we should let you have a summary of the case of the South African ship which he thought would interest you.

There are, in fact, two cases and I enclose a memorandum on each for your information and interest. The Chairman asked me to say that he does not want you to take any action on them.

I hope you have an enjoyable trip.

Yours sincerely,

P.E.O.
