Dear Sir,

Hopper Dredger "CHIEN SHE"

Further to our memorandum of 16th March 1950 and your reply of 4th April 1950, we beg to report that an answer has been received from the Whangpoo Conservancy Board, Shanghai, concerning the overdue Screwshaft Survey & Boiler Survey of the above named vessel.

An English version of their reply is attached.

As the position is a delicate one and the superior authorities referred to would possibly mean the Chinese Peoples Government, it is suggested that the vessel may meantime be given the notation "Laid up pending surveys"; and if, in the near future, our political relations become more friendly, the position could be further reviewed.

We are, Dear Sir,

Yours faithfully,

For the Surveyors.
