Remarks of the Chief Engineer Surveyor are desired on this case for the consideration of the Classing Committee.

(*The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement. —Extract from Sub-Committee's Report, 24/5/92.)

Survey COMPLETION-OF-SPECIAL SURVEY OF ENGINES-AND BOILERS FOR-6-8--No-

This Survey, due 7.48 now held
~~partly~~

~~Completed~~, and the following repairs carried out (due to wear & tear):-

All boilers have been examined with the exception of the mountings and found in satisfactory condition. The boilers have been laid up and not used since the last Boiler Survey, 7.47, and the Committee agreed that a later date could be assigned provided no deterioration had taken place during the period of lay up.

It is submitted the vessel is eligible to remain as classed, with notation of BS 1.49, as recommended.
