Düsseldorf, 12th March, 1935.

14 MAR 1935

Enclosure.

Reference

Dear Sir,

I beg to enclose First Entry Report on Electrical Equipment of the Drag Suction Hopper Dredger "Chien She" built by Messrs. F. Schichau G.m.b.H. of Danzig Yard No. 1301 to the order of Whangpoo Conservancy Board of Shanghai.

I beg to excuse the late delivery of the Report but on account of a misunderstanding I had the impression that a First Entry Report on Electrical Equipment need not to be made in this case. Respecting the tonnage at the head of the Report and the Fees and Expenses on the foot I beg to refer to the Reports on Machinery and Boilers in which these items were inserted by Mr. Dykes, Surveyor at Gdynia, who was kind enough to do it for me, as I had to return to Düsseldorf ~~put~~ after completion of all trials.

I am, Dear Sir,

Yours faithfully

The Secretary,
LONDON.
